PUPPY IN SHOW – Emperogold Tarraleah (AI)

I like to take this opportunity to thank the Golden Retriever Club of SA for their invitation to judge at your show. What a privilege & an honour it is to be asked to officiate at your own breeds Championship show. Sadly, COVID cancelled it a couple of times last year, but I was so pleased & excited to finally get there in the end.

I would also like to thank all the exhibitors for their entry & for the way in which you accepted my decisions. All your dogs are a credit to you & you should be very proud & pleased with the way they performed on the day.

I hope you find my attached "Critique" informative & taken in the way it was written, which was explaining the decisions for my places & overall winners on the day.

Thank you all again.

Best Wishes & Kind Regards

Jill Pearson

Critique

MINOR PUPPY DOG

No. 3 *CHALEUR THE EAGLE HAS LANDED*

Lovely cream boy with good head proportions, correct dark eye & pigment. Excellent bone, slightly longer in cast but balanced angulation front & rear. Moved well coming & going & also around the ring once steady.

No. 1 *BARADAV SHOESHINE (AI)*

Darker boy with big coat, slightly overweight on the day but size of coat didn't help. Lovely balanced head with soft expression & dark eye. Balanced front & rear angulation. Moved well with slight body roll.

No 2. *FERNFALL MY BOJANGLES*

Pale cream boy with lovely head & expression with dark eye. Balanced angulation front & rear. Topline falls away slightly over croup at present. Would like a little more bone & substance. He also rolled on the move which is acceptable for his age.

PUPPY DOG

No. 6 *CHALEUR EARTH WIND AND FIRE*

7 month old, giving a bit away on age to the others but everything in the right place. Well balanced head, dark eye & soft expression. Super front & correct angulation behind, carrying a level topline. Moved well once steadied, very nice young puppy.

No 5. *BARADAV INTHNICKOFTIME*

Strong boned young boy with slightly stronger head than I prefer. Dark eye & excellent pigment. Balanced angulation front & rear, topline a little short through croup. Dense coat in excellent condition. Moved well with slight roll.

No. 4 *BOOLAROO CRUISING YACHT*

Another stronger boned boy with a stronger head than I prefer. Dark eye & pigment, a little short in croup which affected his topline. Could do with more front angulation but well bent stifles. He just didn't want to move today but I could see enough that he had correct foot placement when he did.

INTERMEDIATE DOG

No. 8 *PARKRIDGE LOOK WHOS TALKING*

A lovely young boy growing correctly for his age. Balanced head with lovely dark eye & kindly expression. Excellent flow of neck, correct angulation front & rear with nice short hocks. Level topline, although at times carried his tail slightly above. Covered the ground well when moving. **BEST INTERMEDIATE IN SHOW**

No. 7 *CH. ALUBYC RIGHT HONOURABLE WILLIAM*

A lovely type with gorgeous gold coat. Balanced head & kind expression but a slightly lighter eye. Well boned with excellent level topline into tail set. Well balanced throughout, with correct ground covering movement. Very close decision between 1st & 2nd.

No. 9 *KEELOBE TROUBLE WITH CLOWNS (AI)*

Pale boy with stronger head piece, just preferred 1st & 2nd placegetters on type. Dark pigment with balanced head proportions. Level topline with balanced angulation front & rear. Didn't move as well as the others & carried his tail above his topline today.

STATE BRED DOG

Both these two boys took my eye when they entered the ring.

No. 11 *CHALEUR BARRISTER*

Upstanding, scopey young dog of super quality with correct bone. Excellent length of neck, dead level topline both standing & moving, and carrying correct tail set into tail carriage straight off his back. Would like slightly more breadth to his skull to balance head proportions but super pigment with dark eye & kindly expression. His movement was so well balanced with correct angulation front & rear, he covered the ground with ease. Shown in top condition with so much ring presence. I believe this gave him his Title.

DOG CC & RUNNER UP IN SHOW

No. 12 *CH. BARADAV PAUSE TO REMEMBER (AI)*

A super young dog very close up to 1st. Lustrous Gold coat, with well-balanced body. Excellent lay of shoulder but he would prefer a little more length to his upper arm, well balanced hind quarter & short hocks. He has excellent ground covering movement but needs to settle into his front as he slightly lifts it when moving. Was highly considered for Reserve Dog CC

AUSTRALIAN BRED DOG

No. 14 *CH. CHALEUR U HAD ME AT HELLO (AI)*

Handsome boy with lovely balance to his head, dark pigment & eye with kindly expression. Showing slight heaviness over his shoulders but correct angulation behind. Lovely bone with good bone & feet. Level topline, just drops his tail on the move. He covered ground when moving. Shown in hard condition.

No. 13 *CH. GILTEDGE HANS SOLO TK N RM HTM A FS A*

A smaller boy with lovely head with melting expression. Correct shoulder placement but lacking upper arm, well angulated hindquarters. Coat a little unruly which affected his overall outline, good topline but could do with more length in croup. His movement was affected by slight side winding today.

OPEN DOG

No. 15 *SUP CH. CHALEUR SAY I WILL (AI)*

Lovely boy full of quality. Balanced head with correct dark pigment & eye. Excellent lay of shoulder but could do with a little more length of upper arm to balance front assembly. Standing he has a level topline & well balanced hindquarter. Excellent bone & good feet. Shown in hard condition.

VETERAN DOG

No. 16 *SUP CH. ADORINGGOLD EYE OF THE STORM (AI)*

Gorgeous head with correct proportions, dark eye & pigment. Super front & rear angulation, so well balanced with dead level topline into correct tail set & carriage. Excellent bone, well let down hocks. Moved with ground covering reach & drive. So much to love about this boy who is not exaggerated in any way & certainly not showing his age. Such a hard decision for DCC which on another day could have gone the other way. **RESERVE DCC & BEST VETERAN IN SHOW**

NEUTER DOG

No. 17 *NEUT CH. SAVANETA LIGHT THE WAY (AI) CCD RN*

Would prefer more breadth of skull for a male, but has good level plains. Correct dark pigment but has lighter eye, which detracts from his expression. Excellent lay of shoulder, would prefer more upper arm, good length of neck into level topline but carries his tail high. Needs to settle more on the move.

BABY PUPPY BITCH

Lovely class of babies

No. 21 *PARKRIDGE GO RIKKI*

Lovely baby bitch, so sweet & balanced throughout. Super dark pigment, correct eye & melting expression. Body well balanced & excellent topline in to tail set. Correct shoulder placement & hind angulation. Excellent bone & moved well once she settled. Promising baby. **BEST BABY PUPPY IN SHOW**

No. 20 *IKENTRIEVE CREAM OF THE CROP*

Another very pretty baby with dark eye & pigment. Would prefer more front angulation to balance her well-turned hindquarter. Good bone, level topline & shown in good condition. Moved well.

No. 18 *KEELOBE DANCING IN THE SUN*

Another pretty baby with sweet head, dark eye & pigment. Adequate angulation front & behind. Good bone & straight legs. Moved slightly higher in rear at this stage of her growth.

MINOR PUPPY BITCH

No. 24 *CHALEUR EVERLASTING*

Lovely young bitch just not as happy as she could be to start off with, but gained confidence as the class went on. Super balanced throughout, level topline, very sweet head & kindly expression, dark eye & pigment. Super bone, straight legs & correct feet. Moved well around the ring, lots to like about her. **BEST MINOR PUPPY IN SHOW**

No. 23 *BARADAV YOU ARE MY SUNSHINE (AI)*

Lovely type, just lacking angulation at present compared to 1st. Correct bone, short coupled, pleasant head & expression, dark eye. Lovely gold coat, moved well but with a slight roll which is fine for her age.

No. 25 *KEELOBE HEART BEATS TRUE*

Pale bitch with a sweet balanced head & kindly expression. Well balanced throughout with level topline, short coupled but lighter in bone than those above her. Moved well.

No. 22 *ELARINYA HIGHER FURTHER FASTER (AI)*

Darker bitch with a narrower head than I would prefer. Dark eye & pigment. Topline rises over loin at present which should level out as fully grown. Moved around the ring a little unsettled.

PUPPY BITCH

No. 28 *EMPEROSGOLD TARRALEAH (AI)*

Super type with lovely balanced head & expression, dark eye & pigment. Excellent flow of neck into well laid shoulders, correct well bent stifles giving her the balance both front & rear. Dead level topline standing & on the move, just a little longer in cast at present. Moved well covering the ground. Lots to love about her, very promising puppy.

BEST PUPPY IN SHOW

No. 26 *BOOLAROO PORTMEIRION*

A very sweet bitch with lovely head & expression. Good reach of neck in well placed shoulders just could do with more length of upper arm to balance front. Correct bend of stifles, level topline standing, slight rise over rear end on the move & also rolls a little.

No. 27 *POEHLORGOLD LESSONMEANT IN TIME (AI)*

Pretty head with good pigment. Lacking in front assembly & rear hind angulation & because of this, she moves short & choppy around the ring. Shown in lovely gold coat & well handled.

JUNIOR BITCH CLASS

No. 35 *IMATRIEVER THE SUN ALWAYS RISES OVER TALEYAH*

Very pretty head with lovely dark eye & pigment. Good flow of neck into well laid shoulders & upper arm. Topline level but slight slope to croup. To complete picture would like a little more leg under her. She moved truly out & back & around the ring. **BEST JUNIOR IN SHOW**

No. 34 *BURATINO LUCY PINK (AI)*

Pretty bitch with dark eye & pigment. Good reach of neck into well placed shoulders & upper arm. Good flow of neck into level topline & well bend stifles, slightly longer in cast than No. 1. Moved well, a close decision between 1 & 2.

No. 31 *GOLDJAZZ QUICK AS A WINK*

Slightly finer boned bitch than 1 & 2. Pretty head & expression. Has not got the upper arm of those above her but level topline into tail set, she needs to drop into her hindquarters as a little straight at the moment. She moved well, would just like to see a bit more drive.

INTERMEDIATE BITCH

No. 36 *BRACKENDELL JILLAROO AT MONTEGO*

Liked this girl's type. Well balanced throughout, with correct front & rear assembly. Level topline into tail set. Good bone & cat like feet. Just lacks a little confidence on the stack but super ground covering movement.

No. 38 *SERNGOLD IRISH DREAM*

Cream bitch with pretty head & expression. Lovely dark eye & pigment. Could do with a better front assembly with adequate turn of stifle. Good topline & tail set. Well boned. Moved with a body roll which distracted from her overall balance.

LIMIT BITCH

No. 39 *PARKRIDGE LOOK AT ME*

A well balanced bitch with a lovely head & expression. Good reach of neck into well laid shoulders. Level topline, well ribbed back into correct tail set. Hindquarters in balance with front angulation. Ground covering movement. **BEST LIMIT IN SHOW**

No. 40 *WYANDRA RUSTED FROM THE RAIN*

Stronger headed bitch of good type. Well balanced angulation front & rear. Moved with level topline & tail carriage. Shown in hard condition. Moved with ground covering strides. Just would prefer a little more leg under her to balance overall.

STATE BRED BITCH

No. 42 *GR CH BARADAV A REASON TO SMILE (AI)*

Lovely bitch with a gorgeous head, dark eye & pigment with kindly expression. Flowing neck into well-constructed front with balanced hind angulation. Correct bone, level topline on the move, just lost her topline on the stack. Moves around the ring with reach & drive, tends to lift a little in her front. Liked her a lot.

No. 41 *SAVANETA TOUGH THE SKY (AI)*

Darker coated bitch with a balanced head, would prefer slightly darker eye & pigment. Good flow of neck in well laid shoulder but lacking upper arm. Correct level topline & well bent stifles. Moved well around the ring.

NO. 32 *BOOLAROO WEDGWOOD MATILDA AT SOLEIDOR*

Pretty bitch, lovely head & expression. Good lay of shoulder but lacks upper arm. Level topline into tail set, hindquarters could do with more bend. Unfortunately lost on the final move around for 2nd place, as she was unsettled on the move. Just missed out on placing in the Junior class.

OPEN BITCH

BOTH SUPER QUALITY BITCHES & WAS A HARD DECISION TO SPLIT

No. 44 *CHALEUR U ARE THE ONE (AI)*

This bitch so full of quality, presented & shown in superb condition. Excellent balanced head, dark eyes & pigment, well placed ears with soft expression. Flowing neck into correct shoulder assembly, level topline both standing & moving, strong, well bent stifles & short hocks complete the picture. She is so well balanced throughout. Moved effortlessly around the ring, a pleasure to award her **BCC & BEST IN SHO**

No. 43 *EMPEROSGOLD WILDFLOWER (AI)*

Just loved this girl's type, she is just my cup of tea. Beautiful head piece of correct proportions with soft melting expression, dark eye & pigment completed the picture. She is so well balanced throughout. A clean neck, into correct lay of shoulder & upper arm, dead level topline into correct tail set & carriage. Moved effortlessly around the ring, her out & back was perfect into standing foursquare. Such a close & hard decision between the two but the overall finish of the other bitch gave her the edge on the day. **RESERVE BCC**

VETERAN BITCH

No. 45 *CH WYANDRA MAKE ME MILLIONS*

What a happy 8yo bitch that was shown in hard condition. Pretty balanced head, good flow of neck into well laid shoulders, would prefer more upper arm to balance. Excellent level topline into well-constructed hindquarters. Moved well, loved the smile on her face.

NEUTER BITCH

No.47 *CHALEUR TERRANOVA*

Pretty 6yo girl shown in good condition. Balanced head with sweet expression. Level topline, good lay of shoulder but would prefer more upper arm. Excellent well bent stifles. Carried tail straight off her back. Moved well around the ring. **BEST NEUTER IN SHOW**
